

Sunshine Academy Information Pack

@sunshinetraining_Equipment

Hello there!

Sunshine Academy is a specialized training platform designed for educators and professionals aspiring to enter the teaching field. It offers ready-made, high-quality content, enabling users to focus on delivering instruction that meets the highest industry standards without the time-consuming task of content creation.

The beauty of this training platform is its flexibility in creating and designing branding options, ensuring you are not restricted to using the Sunshine brand.

Moreover, we offer multiple additional services that are exclusive to Academy owners, enhancing your overall experience.

We are confident that choosing Sunshine Academy for your training system will be a decision you won't regret.

Your Academy Journey

Are you ready to embark on your Academy journey but not sure what lies ahead for you or you have no idea what to expect?

I hope this Information Guide will give you a better insight what to expect and how you can put everything in place to teach to the highest standard and be recognised instantly with our affiliation.

Sunshine has so much more to offer than just a training platform, I have years of experience of running an academy and helping educators since 2017.

Sunshine has recently released it's sister company "Sunshine Equipment" where all academies can have access to creating their own kits for students as well as insurance discounts and so much more.

"I built Sunshine with a few things in mind, Better training systems, affordable and comprehensive resources, highest industry standards and lastly high quality equipment with an affordable price tag!"

–Rhian Dore

Why Work with Sunshine!

Sunshine was founded in 2009 but had a massive revamp and change in 2015. Since then, Rhian has worked hard on building Sunshine brand and the highest educational standards within the short course market.

Sunshine, to this day is known nationwide and parts of New Zealand for upholding high educational standards not just in the training materials but in its systems too. Our systems are purpose built with standards in the forefront of our minds and focus.

The best bit about Academy is you can opt to have the content branded to you, making it more personal and caters to your audience more. We are the industry leaders in giving high educational standards especially with all our additional services (bolt-ons) that we offer. We have a nail contra indication directory and card system, editable consultation forms and more. Check out our bolt-ons.
